School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Big Pine High School offers a comprehensive high school program including courses that meet UC system A-G requirements, as well as electives. We have a career and college readiness program that allows every student to graduate with a post-secondary plan. Small class sizes and a sense of community provide a nurturing environment along with a powerful learning opportunity. Our ongoing improvement process continues each year with teacher collaboration and development of goals driven by outcomes and data analysis. We are in our sixth year with EL Education and have met implementation criteria goals annually. All teachers have participated in EL Education training, transforming the learning experience to one of appropriate rigor, hands-on learning experiences and the collaborative skills needed for the 21st Century workplace. Students may participate in student government, volleyball, basketball, football, softball and baseball. Students also have the opportunity to learn through fieldwork experiences, where they are able to take advantage of the geology, history, and adventure opportunities of the area. During the ski season, students may participate in the Learn to Ski program.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

In 2012 the Big Pine School District installed a 200 KW solar plant. During the summer of 2013, curtains were installed in all classrooms to increase the safety of students in potential lockdown situations. The K-1 Building was remodeled. Roofs were replaced on the K-1 Building, Learning Center, Care Room and Preschool. Stucco repair and painting of exteriors, as well as bathroom remodels, were accomplished. In 2014-15 the gymnasium HVAC replacement was completed. The Fire Alarm System was upgraded, and an Assistive Listening System installed. The asphalt paving around the school site and the parking area was repaired, patched and resurfaced in July, 2014. The Alice Piper bronze statue was installed and dedicated in June of 2014, memorializing the historic effort of our local Paiute tribe to establish access for Native Americans to attend public school in the State of California.

In 2015 we remodeled the Kitchen and constructed a new heating and air conditioning system for the Gymnasium building. Classroom carpeting and painting continues. In 2016 new furniture was purchased for all middle and high school classrooms. Visitors frequently comment on how clean, well kept and attractive our facilities are.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students
Grades Three through Eight and Grade Eleven**

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	15	--	18	22	48	48
Mathematics (grades 3-8 and 11)		--	22	19	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	13	15	23	26	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Our school-to-career program begins in the elementary grades, and is integrated with the core program. Students meet with the guidance counselor each month to work on interest and aptitude inventories, job skills, and vocational training requirements. Students begin to develop their career/academic portfolio in the middle school. The completed Senior Portfolio will contain the student's resume, academic transcripts, a competency-based assessment of skills and experience, certifications, and letters of recommendation.

Our career center also prepares students in interviewing skills, letter writing, professional dress and behavior, and other workforce skills. Senior students participate in an internship program that allows them to work with a professional in the field. Students have hands-on opportunities to experience a profession they are interested in pursuing.

Students participate in all career technical education courses offered at the comprehensive high school. Courses allow students to explore and develop job skills in the areas of commercial and graphic arts, and entrepreneurship. Our CTE advisory committee consists of two teachers, one administrator, a County Representative and the Career/Academic Counselor. The lead on this advisory committee is our CTE funded teacher. CTE activities are also integrated in regular education classes.

Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	39
% of pupils completing a CTE program and earning a high school diploma	100.0
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	100.0

Courses for University of California (UC) and/or California State University (CSU) Admission

UC/CSU Course Measure	Percent
2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	97.44
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	100

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents are encouraged to participate in their child’s educational program. There are a variety of opportunities for becoming part of the school community. Many parents volunteer to help in the classroom. Our District Advisory Council (DAC) is active, and provides opportunity to be part of the school improvement process. Each fall and spring, we conduct Student Led Conferences and parent participation is strong. Back-to-School Night when school begins, Open House in the spring and Community Meetings also provide opportunities for parents to learn about their child’s school.

The Native American community is involved with the school through the Indian Education Center and our Title VII program. Staff and the tribe work collaboratively to meet the needs of our Native American students, with added communication from our District-Tribe Collaborative Meetings.

For more information on how to become involved, contact Ms. Sunny Meza at 760/938-2222.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (School Year 2017-18)

The School Safety Plan is reviewed and updated yearly. Staff is provided a copy and training each year. The plan covers medical emergencies, natural disasters, bomb threats, active shooter response, earthquakes, fire, and chemical spills/accidents. The plan is complete, and coordinated with local emergency personnel and agencies. Teachers have first aid and emergency backpacks and buckets in their classrooms. The District requires school visitors to check in at the main office and wear identification badges. The campus is fenced preventing strangers from easily accessing student areas during school sessions. The District has and enforces all current State policy in regard to student safety issues. The Emergency Preparedness Plan was last reviewed by faculty in September, 2017 and approved by the Board on September 5, 2017.

Types of Services Funded (Fiscal Year 2016-17)

Over 80% of our funds are spent on staff salaries. The District supports full class size reduction, and also provides instructional assistants, a music specialist, and a library program. Computers are available with internet access in every classroom and document cameras and projectors are installed as well. We have a 1:1 Chromebook program for all students K-12. We maintain an after school care program for working parents. We fund an agreement with our educational partners, EL Education, and we provide discretionary classroom budgets for every teacher annually. Online learning programs, including odysseyware and online textbooks, annual purchases of instructional materials aligned to standards, Renaissance Learning subscriptions, and benchmark data services are all examples of the many supports we provide for instruction and support of students.

Professional Development (Most Recent Three Years)

EL Education and implementation of the Common Core State Standards are the common themes to staff development activities. Annual review of student achievement data drives our goals and strategies, and professional development is designed to support those. Annually there is a full review of external factors. In 2010-11 analysis of factors such as declining enrollment and economic uncertainty resulted in a full staff consensus to pursue EL Education as our transformative model of education. Teachers have several paid noninstructional days during the school year that are used for full staff workshops. We also contract with a school designer who provides mentoring and specialized, just-in-time workshops which teachers attend using substitute release time. Teachers are also sent to institutes, conferences and site visits to further our knowledge of expeditionary learning. Two countywide professional development days each year are provided by the County and keep the staff in touch with topics such as Common Core, new State Assessments, and Positive Behavioral Support. Teachers who return from conferences or training share their information with appropriate staff during staff meetings. All staff meetings are designed to provide professional development. Teachers are encouraged and supported in their efforts to pursue advanced degrees and specialized credentials. Our Local Control Accountability Plan (LCAP), tied to our Western Association of Schools and Colleges (WASC) accreditation, focuses our teacher training on student achievement through assessment, quality instructional methodology, and meeting the needs of a diverse student population. Each Monday is an early release day to provide time for staff to engage in student achievement data discussion and collaboration.

Teachers are asked to provide evidence of implementation in support of our workplan. Student Led Conference Portfolios for each student, including achievement data, are available for review by administration and use at team meetings, and walk through observations are targeted to specific areas of focus that demonstrate implementation of learned strategies.
